INTERNSHIP 2026–27 FOR UG/PG STUDENTS

Step into the world of cutting-edge research at AgriHub, IIT Indore.

The AgriHub Internship Programme invites motivated undergraduate/postgraduate students to work alongside distinguished faculty mentors of AgriHub: Innovation Hub for Agriculture (AI/ML and Deep Learning Center of Excellence) at IIT Indore. The internship is conducted in online/offline mode in areas related to AI in Agriculture, including but not limited to disease detection, yield prediction, precision agriculture, genome-based crop improvement, robotics, and allied domains. This immersive experience offers direct engagement with faculty and research scholars, hands-on exposure to advanced laboratories, and access to state-of-the-art facilities.

This is more than an internship — it is an opportunity to explore research frontiers, sharpen your analytical and technical skills, and build a strong foundation for higher studies and professional excellence.
